## **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR
 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

Drawing Figures 1 and 2 have been labeled as "Prior Art" and should be amended to show this change along with the submission of formal drawings based on comments from the draftsman on the PTO-Form 948 (attached).

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach a set of clamping components engaging interconnecting rail members (with wear strips attached) and for attaching to an existing cantilevered support bar on a spiral conveyor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
